

## Registration KLIX 2020 28th INTERNATIONAL GLIDING CUP

Official registration starts November 17, 2019, at 9 am.

**Attention:** Last year's accounts and registration data are not valid anymore!

The registration process consists of two steps:

### 1. Registration

During registration you create your profile and enter the following data:

- Family name, first name, e-mail address
- Class, in which you want to compete

With successful registration you are marked in the stated class. Now you are ready to be part of the competition!

**Attention:** Registrations that are made before the official activation of the process are not valid. The e-mail address is your user name that you can use to log in again later. Consequently, each e-mail address can only be used for one registration

### 2. Completion of your data – finalize registration

After the successful registration you will receive an e-mail to the stated address within an hour. It contains the URL link and your personal password for the completion of your personal data and information about your glider.

The completion of your data needs to be done within 3 days, it finalizes your registration. This is the necessary requirement, so your registration is considered for a place in the competition.

If you want to change your class, you need to redo the whole registration process for the new class. Incomplete and thus not finished registrations will not be considered for a placement in the competition!

Moreover, you can now add further pilots that will use the same glider. The declaration of their e-mail address is necessary too, the address will be their login name. They will receive their personal login to enter their data for the registration.

### What happens next?

After confirmation of participation (until December 31, 2019) the confirmed Pilots can:

- Update personal data and information about the glider
- Add further pilots
- Fill out the SEPA direct debit mandate and print it
- Print the prefilled check form

### Privacy:

Personal data and glider information that will be asked for during the registration process will be used and processed by the host (aeroteamKLIX Segelflugclub e.V.) for the administration of participants, planning of the event (organization, accommodation and accounting) and the execution of it (Telephone numbers for emergency cases) (section 6 GDPR subparagraph 1b). With sending the form you are giving your consent for the processing (section 6 GDPR subparagraph 1b). Your data will not be given to third parties.
